Crowthorne Parish Council Achieves so much!

- Strong financial management.
- Working with BFC and Edgbarrow school to minimise disruption during school playing field works.
- New seats in the High Street.
- Partner in organising free Summer of Fun days.
- Creating a strong Neighbourhood Plan to maintain the character of the village.
- Delivering the Crowthorne 3 year plan.
- Support for Crowthorne Carnival.
- Monthly surgeries.
- Support for Crowthorne Library.
- Joint official guide to the parishes of Crowthorne and Wokingham Without.
- Morgan Centre refurbished.
- Working with TRL land owner on new community hub.
- Financial grants to local good causes.
- Excellent venues for hire at the Morgan Centre and Parish Hall.
- Well kept sports pitches and open spaces.

RIP Councillor Jack Bolton

This by election is caused by the sad death of Conservative Councillor Jack Bolton. Jack served Crowthorne for 10 years and was active on many committees and projects. He worked on the replacement of the High Street planters and new seating. A plaque has been placed on one of the seats in his memory.

Crowthorne Parish Council

This is the parish council for Crowthorne, it has 10 unpaid councillors.

This is what the Parish Council does:

- Manages local finance.
- Delivers the Crowthorne Strategic plan.
- Maintains very popular Morgan Centre, Parish Hall and social club buildings.
- Cares for well used Morgan Recreation Ground and pitches and open spaces.
- Gives much needed grants to local groups.
- Responds to planning applications and makes sure local views are represented.
- Provides community awards to recognise local volunteers.
- Local Neighbourhood Plan creation.

Like to help James and other local Conservatives?

There's lots to do to ensure we 'keep it Conservative' here in Crowthorne from election campaigning, to delivering leaflets. There are lots of social events as well as local and national policy research and discussion meetings. For more details call the local office on 01344 868286 or go online at BCA@bracknellconservatives.com or you can call one of your local Conservative Councillors who will be pleased to help.

A great place to live!

Introducing James Kay

Local family man James has lived in Bracknell and now Crowthorne for thirty years. His two children, now both at university, have grown up, and gone to school locally.

James is a senior manager in a local IT service company. His first job was at Hewlett Packard's Pinewood site. He has helped establish a number of local businesses.

His family have two dogs Bramble (a Labrador) and Joey (a Lab/Collie cross rescue dog). It's his regular walks through the wonderful woodlands around Crowthorne with his dogs that inspired James to "get involved" because he is passionate about the environment.

James has recognised that the new housing in and around Crowthorne will bring changes to the village and will require better services and infrastructure to ensure Crowthorne's unique community atmosphere is maintained.

He will work to ensure that Crowthorne will always be a nice place to live for people of all ages.

As we approach the Christmas season James and his family wish everyone a very Merry Christmas.

VOTE Conservative  **X**

James says: "As we see all the change happening in and around the village it's important that we make sure our local infrastructure can cope. Those houses that are built under the new Community Infrastructure Levy (CIL) will provide the parish council with much needed money for infrastructure. This money will need to be targeted at the right things. Our Neighbourhood Plan will be critical in helping preserve our unique identity and sense of place. I hope you agree with me that we must focus on our environment and special character so that residents of all ages can continue to enjoy living here."

James is committed to:

- Working with the council team to ensure Crowthorne stays a great place to live work and play.
- Working with all council colleagues on Parish and Borough Councils to get the right infrastructure and services for Crowthorne.
- Getting out and about in the village to meet people and feedback to them on the local issues that matter.
- and
- Making sure what ever we do is affordable, focused on local need and of the highest possible quality.

Thank you for your support.
